Pope Francis shared an important message for the 48th World Communication Day, when he observed that in today's world, social and digital media can prove to be good communication tools to help us to grow closer know one another better and grow in unity.

"We are called to show that the Church is the home of all. Are we capable of communicating the image of such a Church? Communication is a means of expressing the missionary vocation of the entire Church; today the social networks are one way to experience this call to discover the beauty of faith, the beauty of encountering Christ. In the area of communications too, we need a Church capable of bringing warmth and of stirring hearts."

In order to expand and nurture the communication tools we use at Sacred Heart, Fr. Mike and the Pastoral Council decided to establish and develop a parish website. Sacredheartcanton.org can be a valuable means of evangelization, providing a welcoming "digital front door" for newcomers seeking to learn more about our parish, as well as serving as a "digital home base" where parishioners can find – and share – current and relevant information.
